Tree Decorating - Special Display Tree Rules

- * DEADLINE FOR ENTRIES IS NOVEMBER 6, 2016 (Entry must be received by that date)
- * Use of your own artificial tree - any height - from 3 feet to 7 feet
- * Use of your own lights (all trees must have lights, be sure they are the kind that stay lit even if a bulb burns out). Clear or colored lights are accepted. It is important to use enough lights, the general rule of thumb is a MINIMUM of 50 mini lights per foot of tree (more as the tree gets taller and bushier).
- * The tree must have a **homemade tree skirt**.
- * All decorations must be **handmade by the members of your class or organization**. If it is a children's group, be sure they make the decorations, NOT the parents, teachers or leaders.
- * Each tree must have a specific theme. Please have the title of your tree chosen when you register your entry.
- * The tree must come self contained, there will be no supplies such as tools, tape, etc. available at the site. Festival of Trees **will not provide extension cords**. Please ensure your cords are labelled so they can be set with the tree for tear down.
- * The tree may be decorated and then moved to the site, (CRE - main arena). If you choose, the tree may be decorated at the CRE either *Thursday - November 17, Friday - November 18 between the hours of 9:00 a.m. - 4:30 p.m.* or *Saturday - November 19 between the hours of 10:00 a.m. - 3:30 p.m.* If you are unable to work with the day/time allocated please contact our office to see if other arrangements can be made.
- * Trees **MUST** be picked up at the site after **5:30 p.m. on Sunday, November 27th and no later 6:30 p.m.** Trees left after 6:30 p.m. will be moved to the side in order for the Festival to complete tear down and the Festival of Trees will not be held responsible for any damage to the tree or decor, etc.
- * Festival of Trees will provide a show card for each tree which will include: Tree Theme, Name of Group and/or Designer(s).
- * Festival of Trees will be responsible for roping off the trees as well as security of the trees during the time that the display is open to the public.
- * Remember - The festival promises to be a glittering, sparkling celebration of the season - the best ever promoted in the area. With this in mind, it is important to aim for the highest quality in your finished product.
- * ***Above all, have fun with this project!***
